- ▼ 40 CABERNET FRANC, Perusini - Friuli Colli Orienta, Italy - 13%  57.00

# HEIDI 'HOW TO'

*A brief guide to our self dispense wine machines!*

**In our self dispense wine machines you will find x40 different wines from all around the world varying in style and colour! To use the 'wine vending machines' please follow these easy steps:**

## Step 1

**Ask a member of staff to load your chosen amount of credit onto one of our HEIDI wine cards. This can be as little or as much as you'd like. If you run out of credit you can always add more and don't worry about putting too much on as you will only pay for what you spend in the machines!**

## Step 2

**Grab yourself a wine glass from the hanging wine racks and find which wine you'd like to try. You will find tasting notes above each wine to help you with your choice!**

## Step 3

**Insert your HEIDI card into the slot in the wine machine (this can be found in the top right hand corner of the machine.) Pop your glass under the wine spout (important!), press the button, watch your wine pour, sip & enjoy!!!**

## Step 4

**Work your way through our wine selection, try new things and don't forget our kitchen is open serving fabulous small plates to provide the perfect accompaniment to your wine!!**
